Student Emergency Funding Allocation

Student eligibility for Phases One through Four of the emergency grants was established as follows:

Phase One: The College used the following criteria to identify the Phase One cohort of eligible students:

- 1) all active students who were attending courses on campus as of 03/13/2020, the date the COVID-19 national emergency was declared, and were active, or on an approved leave of absence, as of 05/18/2020;
- 2) with established eligibility for Title IV funds with a valid ISIR with an official EFC on file with the College;
- and 3) who returned a complete Student Attestation Form.

Phase Two: The College made subsequent equal disbursement to all eligible students who received a Phase One disbursement who were active on March 13, 2020 and were still active on June 15, 2020. This phase did not require an additional attestation from the student.

Each eligible student was provided a **\$700** grant in each of the two Phases.

The attestation form was required because the College assumed that students included in the cohort incurred the covered expenses due to the disruption of campus operations and the move to distance education. The attestation required the student to confirm this assumption.

Students enrolled in 100% online programs as of March 13, 2020 were not eligible for the emergency grant.

Phase Three: The remaining available portion of the HEERF I emergency grants will be used for students with exceptional need in accordance with the Coronavirus Response and Relief Supplemental Appropriations Act ("CRRSAA"). Students with exceptional need are those students who are eligible to receive Federal Pell Grant funds and are active as of 03/01/2021. There will not be an application or attestation process for this phase and the fund not be conditioned on continued or future enrollment.

Students included in Phase Three may give authorization for the College to apply all or a portion of their HEERF I grant to an outstanding tuition balance that occurred after March 13, 2021.

The individual student Phase Three award amounts will be determined based upon the amount of remaining HEERF I funds and the number of eligible students.

Phase Four: During the HEERF I close-out phase, which is the 90 days after the one-year anniversary of the receipt of the HEERF I Grant Award Notice, the College will redistribute any remaining HEERF I funds from uncashed checks issued in the earlier phases.

Students eligible for a Phase Four disbursement are students with an automatic zero EFC who received a Phase Three disbursement. The amount of the Phase Four award will vary by the total dollars remaining in the fund by OPEID and the number of eligible recipients. There will be no application for Phase Four awards.

Students receiving a Phase Four award may give written authorization for the College to apply the HEERF I grant in full or in part to an outstanding tuition balance that occurred after March 13, 2020.

Students receiving a Phase Four disbursement will be instructed to cash or deposit their check by June 30, 2021, so the fund can be fully distributed by the end of the close-out period or the 455th day (one year + 90 days) after the receipt of the Grant Award Notice.
