Student Emergency Funding Allocation

Student eligibility for Phase One and Phase Two emergency grants was established as follows:

Phase One: The College used the following criteria to identify the Phase One cohort of eligible students:

- 1) all active students who were attending courses on campus as of 03/13/2020, the date the COVID-19 national emergency was declared, and were active, or on approved leave of absence, as of 05/18/2020;
- 2) with established eligibility for Title IV funds with a valid ISIR with an official EFC on file with the College;
- and 3) who returned a complete Student Attestation Form.

Phase Two: The College made subsequent equal disbursement to all eligible students who received a Phase One disbursement who were active on March 13, 2020 and were still active on June 15, 2020. This phase did not require an additional attestation from the student.

Each eligible student was provided a **\$700** grant in each of the two Phases.

The attestation form was required because the College assumed that students included in the cohort incurred the covered expenses due to the disruption of campus operations and the move to distance education. The attestation required the student to confirm this assumption.

Students enrolled in 100% online programs as of March 13, 2020 were not eligible for the emergency grant.
